

introducing the **mihealth card**

this is your new health identification card

**Look for this envelope
in your mail.
Do not throw it away.**
It contains your new
mihealth card.

important information

- Monthly Medicaid paper ID cards will no longer be used after April 1, 2003.
- Beginning in 2003, each Medicaid and/or CSHCS beneficiary will receive an individual **mihealth card**.
- If you are a beneficiary enrolled in a Medicaid or CSHCS Health Plan, you will receive a **mihealth card** and will also receive a Health Plan card from your Health Plan (if you do not have one already).
- Take your **mihealth card** (and your health plan card if enrolled in a health plan) with you when you visit the doctor, pharmacy, hospital or other medical provider.
- The health care provider will use your card to find out if you are eligible for Medicaid and/or CSHCS.
- Do not throw this card away. Keep this card even if you receive a notice saying you are no longer eligible. If you become eligible again in the future, you will use the same card.
